*FILE Training*

Colonel White

The Director of Training has received a request from the Alfred P. Sloan School of Management for an Agency briefing to be given to the present group of 45-50 people in their current "Fellows Program." The group will be in Washington from 28 March through 2 April. The time they have available for an Agency briefing would be on 2 April.

There are some foreigners in the group but the people at Sloan say they can exclude them without embarrassment.

If you agree that we should brief the group, the Director of Training will work out the details.

SUBJECT: Request for Agency Briefing from

STAT

1. [ ] called me today while in Washington with the M.I. T. Program for Senior Executives. The class is involved in a three-day exercise concentrating on meeting policy-makers in the Federal Government with most sessions taking place in the Senate and House of Representatives. The main purpose of his call, besides expressing high enthusiasm for the Program for Senior Executives, was to tell me of a request from Dr. Peter P. Gil, Associate Dean for Executive Programs at the Sloan School for Management. The second executive program under Dr. Gil's aegis is the Alfred P. Sloan Fellows Program. The latter is a 12-month program leading to a Master of Science Degree in Management. Between 45 and 50 Fellows, including several foreigners, are selected each year; age range is 32 - 38 years with 10 to 15 years of successful experience in either business or Government.

During one of the joint Sloan Fellows/Program for Senior Executives sessions, Dr. Gil asked [ ] if a briefing on CIA could be arranged for the Fellows, possibly during their forthcoming trip to Washington. They will arrive in Washington via chartered bus on 28 March and remain through 2 April, visiting various officials in the Federal Government. At the present time, the group plans visits with:

2. I strongly urge that we attempt to provide some sort of briefing for this prestigious group. A visit to Headquarters poses obvious security, logistical, and timing problems but the briefing might be arranged elsewhere. [ ] stresses that there

are five or six foreign nationals in the group. He will send us

In spite of the difficulties involved, I believe Col. White would  
want to accommodate the request.

OK. Let's do it at Hodge  
if at all possible. Be sure to  
exclude foreign nationals.  
We'll have to provide a good  
panel. I'd suggest 1300
